Internship Objective

Looking for an internship opportunity in software development or related fields where I can apply my knowledge in Java, web technologies, and problem-solving to gain industry experience and contribute to the team's success.

Educational Qualifications

Diploma in Computer Science

Faridpur Polytechnic Institute

Duration: 2021 - Present (7th Semester)

Current GPA: 3.79/4.00

Technical Expertise

Programming Languages: Java, JavaScript, Python, PHP

Web Technologies: HTML5, CSS3, Responsive Web Design, Bootstrap

Database Management: MySQL (Basic database design and optimization)

Development Tools: Visual Studio Code, IntelliJ IDEA, Git Version Control

Problem-Solving & Analytical Skills

- Advanced analytical thinking for complex coding challenges
- Expert in algorithm design and optimization
- Systematic debugging and problem-resolution approach
- Rapid adaptation to emerging technologies and frameworks
- Innovative software solution development

Professional Projects

Python GUI Calculator

Asset Competition - Faridpur Polytechnic Institute (2025)

Highlights:

- Developed a fully functional GUI calculator using Python and Tkinter
- Implemented comprehensive arithmetic operations
- Designed an intuitive user interface
- Showcased proficiency in event-driven programming

Mini Projects:

- To-do List Web App – Laravel & MySQL
- Basic Login System – PHP & MySQL
- Simple Portfolio Website – Responsive design using Bootstrap
- Temperature Converter – Java GUI application

Language Proficiency

Bengali: Native

English: Proficient (Written and Verbal Communication)
